

# Studying at Artois University as part of the Erasmus+ International Credit Mobility programme with University of Sarajevo

## ► GUIDE FOR APPLICANTS ◀ Academic year 2020/2021

# Erasmus+ INTERNATIONAL CREDIT MOBILITY

## GENERAL INTRODUCTION

The **Erasmus+ International Credit Mobility programme** (Erasmus+ MIC) allows students, from higher education establishments located outside Europe and partners of the programme, to study at Artois University from the 2<sup>nd</sup> year of their higher education studies onwards.

Particular attention is devoted to students from disadvantaged socioeconomic backgrounds.

Artois University receives European subsidies which consists of giving participants a financial aid to partially cover: **the costs of the stay** in the form of a monthly (student) stipend and the **travel costs** based on distance covered, as well as actual costs of any specific needs (reserved for disabled persons).

The international credit mobility period will be recognized in the home institution after credits have been validated in the host institution.

In collaboration with partner establishments, an inter-institutional Erasmus+ agreement has been signed defining the number of mobilities, the duration and the field and level of studies targeted.
